

ATD of the Bluegrass GIG Volunteer Interest Form

Someone helped you in your career and professional development; now you have the chance to help others.

The ATD of the Bluegrass Geographic Interest Group is powered by a team of volunteers who drive the administration of the GIG. With your volunteer efforts, we can work together to build a thriving organization that serves as the go-to resource for all things related to talent development for those in Central Kentucky! You can give back in a variety of ways—serving on the GIG Leadership Team, partnering with a specific team, or leveraging your talents for unique needs that are identified throughout the year—whether ongoing or single event.

If interested in learning more about volunteer opportunities, please complete the information that follows and submit to: bluegrass@atdky.org
